

NEW SPRING FLOOR FOR THE CAMPBELL RIVER GYMNASTICS ASSOCIATION

The Campbell River gymnastics Association (CRGA) is currently fundraising to buy a much needed new spring floor for the club, and the association will need to come up with fifteen thousand dollars for this new piece of equipment. The floor that the athletes use now is outdated, and of inferior construction from the new spring floors available today.

Wade MacAdam, of Chargehand Holbrook Dyson Logging LTD. has generously donated one thousand dollars which will provide a healthy beginning towards the goal that the floor can be purchased from the 2010 Canadian Championships that are being held in Kamloops at the end of May and Early June. The club will be accepting donations, big and small, over the next few months, and will proudly display the names of contributors on the wall at CRGA.

The Campbell River Gymnastics Association provides programs for over 500 participants, including competitive, recreational and drop in adult programs. The club also provides private gym rentals for birthday parties, school groups, special needs and athletic groups such as dance and ski clubs.

If you are interested in making a donation, please drop by the club on 14th Ave, or call the gym at (250)286-3547.
